When Mass intentions are received by the Parish, the names will be put on the Newsletter the following week so that prayers can be said by everyone for those people and then Masses will be offered by a priest in the order that they are handed in & appear in the parish Mass book. When people's anniversaries, or birthday remembrances fall in a given week, their names will also now be listed on the newsletter for that week.

At some point in the future, the individual's name will also now be printed on the newsletter for a particular Mass, to show that the Priest is fulfilling his obligation to offer in his own prayers that named person during a particular Mass.

We cannot guarantee that any specific Mass intention will be possible at a particular Mass, on a particular day, but their name will now appear on the parish newsletter up to three times – the week it was handed in, the week of the actual anniversary/birthday and the day the Mass intention is being offered by the priest at Mass. Every Sunday and Holy Days the Parish Priest must also offer one of the Masses for all of his parishioners.

Every Mass is always celebrated for everyone. No-one is forgotten by God, on any day, whether their name is on the newsletter or not and each of us may also be praying for someone else at the same Mass we all attend.

An important part of coming into Church is to recognise we are then in the presence of Jesus, in the Tabernacle, at the altar and during Holy Communion time at Mass. The Word becomes Flesh and lives amongst us. The other word for the 'Mass', or Holy Communion is the '**EUCHARIST**', as our new banners around Church refer to. This word is based on the Greek word meaning '**THANKSGIVING**'.

Bishop Tom will be joining us at each of the parish Masses THIS weekend, as part of his official visitation of all the parishes of the Knowsley Pastoral Area, on behalf of Archbishop Malcolm. It is an opportunity to meet us again and give thanks to God for the Faith we celebrate in action around this local area and beyond. **FR**
