18th November 2021

Dear Parent/Carer

We know how much our children love creating their own images, so we are setting them a challenge! As part of our Art and Design curriculum we are asking the children to become professional photographers. Most of us now have great cameras on our mobile phones and ipads. We are challenging the children to become aware of the nature around them and to capture this in an amazing photograph that we can display in school.

Autumn is one of the most colourful times of the year and we are asking the children to try and capture this. We don't want any people in the photographs but images of colourful leaves remaining on trees, or it may be an animal playing in the leaves. It could be capturing the sunlight or birds resting on a fence. It could be an evening shot of some of the wonderful sunsets we have in Autumn.

The children can be as creative with these photographs as they like. They can photoshop them or use PicCollage to collate more than one photograph. Or simply allow the beauty of Autumn to speak for itself!

As an extra challenge the children could also draw/sketch/paint a copy of the photograph they take and bring it into school to show off their art skills.

Please send your photograph to the email below by the 1st December.

autumnartcomp@gmail.com

Winners will be announced Friday 3rd December.

Thank you.

Yours faithfully

Mrs Ormandy

(Art Subject Lead)

2021-2024
