## Carnival of Culture

The EAL parents of St Brigid's School in Stockbridge Village teamed up with the EAL Service to put on a 'Carnival of Culture.'

This was held in the school hall and all children attended as well as some of St Margaret Mary's Infants.

Children had the opportunity to learn about other cultures, individuals wore traditional dress, we heard traditional poems, stories, and music from all over the world.

Everyone got to sample food from different cultures as well as watch and learn some traditional dances from several countries.

The event was held to showcase the variety and richness of the varying cultures we have in Knowsley.

## School of Sanctuary Award

We now have 9 schools signed up for the School of Sanctuary Award, 2 schools will receive the award before October half term.

The Award depicts all the hard work that goes on in schools, the emphasis being on inclusion, displacement and migration.

## Recipes Around The World

We will be asking in September for our Knowsley EAL parents to send in different recipes from their culture.

We hope to compile them in an illustrated form.

Illustrations will come from children and we hope will be available in December for you to purchase at a small cost. The money raised will go to a local charity.

## Black History Month Competition

This year, Merseyside Police have extended the competition and teamed up with our three local football teams, Liverpool, Everton and Tranmere Rovers to offer an incredible football experience day. Each winning class will win a one-day trip to both Goodison and Anfield football stadiums where the students will take part in a range of interactive panels, workshops, football training sessions! The winning design for each area will also be displayed at the International Slavery Museum in Liverpool City Centre as part of their Black History Month celebrations. The theme for this year's competition is 'UNSUNG HEREOS.' St. Ann's Primary was last year's winner of the BHM competition. We'll be in touch in September with more info.

## Eco Therapy Garden in Kirkby

The EAL Team had the chance this month to go to the Eco Therapy Garden in Tower Hill Kirkby.

This is the idea of Angela Davies who with

volunteers has made a wonderful area where people and children of all ages can go and relax.

Wishing everyone

a wonderful summer!

EAL Team
