

Religious Education in St Joseph the Worker Catholic Primary School

Our Mission

A LOVING CHRISTIAN FAMILY STRIVING TO ACHIEVE EXCELLENCE

Based on our Catholic faith and Gospel values we aim to:

- provide a welcoming, safe, Christian environment and to promote the best atmosphere for learning;
- provide a broad, balanced curriculum delivered in a creative, sensitive and structured way to develop each child's full potential;
- invite opportunities for the school family to develop their own spirituality and tolerance of other races, cultures, creeds;
- encourage everyone to see personal development as something which can continue throughout life;
- develop strong links between emotional wellbeing, progress and attainment;
- involve our whole school community in the physical, mental, social, moral, spiritual and cultural needs of every member of our school family by taking a proactive approach to protecting promoting emotional wellbeing and mental health;
- ensure that emotional wellbeing and mental health is the responsibility of everyone in our school.
- enable pupils to play an active and positive role in society;
- develop and foster sound, supportive relationships between all those involved in the life of the school community.

Our Curriculum

Following Liverpool Archdiocese guidance, the mission of our Religious Education is to equip our children with the knowledge, understanding and skills to live a Catholic life by knowing and sharing in the love of Jesus.

We aim to develop our children's faith commitment and spirituality, appropriate to their age and capacity, ensuring they are religiously literate young people.

This year we are continuing our transition from using 'Come and See' as a scheme of work, to following the Religious Education Directory, 'To Know you more clearly,' as a model curriculum. In line with guidance from Liverpool Archdiocese, we are gradually implementing 'To know you more clearly,' Currently classes from Nursery through to Year 4 are accessing the RED curriculum with Y5 and Y6 due to start next academic year 26/27.

Religious Education Curriculum Class Overview 2025 – 2026
